

The SW ridge on Piramide Vincent is the right in between an easy walk on a glacier and a pretty serious climb in altitude. With a bit a rock climbing and some snow ridge is the perfect itinerary where to challenge a bit yourself if you want to leave glaciers behind and looking for a bit of thrill.

Program:

1st day: Meeting with the guide in Staffal around 7:00a.m. - Equipment check. We take the cable car up to Punta Indren. We hike up in direction of the Gnifetti hut. At the base of the ridge we put the rope and depending on the condition the crampons. We follow the ridge looking for the most interesting cliffs to climb. We arrive at the last snowy cap, from where we joint the summit. The descent is along the regular route. Depending on the timing, we can stop at the Gnifetti hut to get some lunch before going down to the Indren station and the valley.
