

Our Freeride day in Gressoney – Gressoney, on the south side of the Monte Rosa, is the gateway to paradise for skiers, snowboarders and freeriders, offering every day new experiences. The possibilities in the area of Gressoney, Champoluc and Alagna are endless and at reach for every technical level. With short hikes (by foot or skins), we can even increase the potential for powder runs enormously. Enjoy this unique mountain region with our mountain guides!

Why to Gressoney with the Heli-Guides Group:

For more than 20 years, the team of Heli-Guides and Guidemonterosa operates in the freeride heli-skiing business. You benefit from our expertise and knowledge of the skiing areas as well as a maximum of individuality and flexibility. Our highly experienced IFMGA/UIAGM guides will select the best descents according to the snow conditions and your ski skills. Always keeping safety first, their goal is to help you fulfill your dreams and expectations.

Snow conditions:

Thanks to the altitude of the area and the weather influence from the south, the Monte Rosa massif experience heavy snowfall all winter long. From December to mid-March you can find here mostly powder snow conditions. Till early March we can still ski in mostly perfect condition.

Small groups mean shorter waiting times between runs, so you can make the most of your time on the mountain. We are organizing freeride days in a group of 1 person to a maximum of 7 participants per mountain guide.
