

Gressoney on the south side of the Monte Rosa with its easy access to the 4000m summits is the perfect base for this program. The 4000m mark is for many skiers and mountaineers the magic height, a symbol of the high mountains of the Alps. The Monte Rosa massif offers a unique view all over the 4000m peaks of the Alps, starting from the "Barre des Ecrins" towards "Mont Blanc", "Matterhorn" until the "Bernina". The runs down in the Valley of Gressoney offers a vertical drop up to 2800vm. Thanks to the cable car to Punta Indren, we can offer many of the 4000m peaks (like Punta Giordani 4046m, Pyramid Vincent 4215m, Ludwigshöhe 4341m, etc.) in one day. Join us on our trips in this unforgettable mountain and glacier world.
